NEXT SUPPORT

WHAT ARE ANNUAL SOFTWARE MAINTENANCE AND PREMIUM SUPPORT (ASM&PS) TERMS FOR PERMANENT AND RENTAL LICENSES?

Annual Software Maintenance and Premium Support (ASM&PS) is a comprehensive service package designed to maximize the long-term value of your software investment. With your permanent license, you receive access to this service package for exactly one calendar year from the date of purchase.

ASM&PS renewal is optional, we strongly recommend extending the service beyond the initial 12 months to maintain access to essential updates, security improvements and optimal compatibility.

Included Benefits

- **Software Updates:** Free access to new minor and maintenance versions (updates) that we release over that year. This is important because we continuously make improvements, implement new features, and release bug fixing maintenance versions.
- **Technical Support:** Direct access to our support channels for assistance with technical issues and inquiries.
- **Priority Access:** Faster respond times and priority handling for feature requests and bug fixing through our R&D team.

ASM&PS for Rental licenses

All rental licenses include ASM&PS coverage for the duration of the rental period.

WHAT ARE THE SERVICE LEVEL AGREEMENT (SLA) BENEFITS FOR ENTERPRISE CLIENTS?

Enterprise clients have the option to sign a Service Level Agreement (SLA), which guarantees premium support and tailored services.

- **Duration:** one or multiple years payable annually (unless otherwise negotiated).
- **Coverage:** SLA clients receive:
 - Guaranteed response and resolution times.
 - Access to software updates (same as ASM&PS clients).

- Dedicated support channel.

HOW DO I KNOW IF MY ASM & PS IS VALID?

First-Year Coverage

Included in your permanent license purchasing price.

Renewal and Pricing

After the initial year, the following annual costs apply:

- **15%** of the current list price if the ASM expiry date is less than one year ago and is effective from the original expiry date.
- **30%** of the current list price if the ASM expiry date is between one and three years ago and is effective from the purchase date.
- **70%** of the current list price if the ASM expiry date

HARDWARE REQUIREMENTS

**Recommended
CPU Intel i5/i7
3th gen. or newer
Windows 10/11
x64, RAM 8GB**

WHAT ARE OUR SOFTWARE VERSIONING AND UPGRADE POLICIES?

Software versions follow a structured numbering format:

- **Major Version** (e.g. , 5. in 5.1.2): Represents significant architectural changes and new major features
- **Minor Version** (e.g. , 1.in 5.1.2): Introduces new features and periodic updates
- **Maintenance Release** (e.g. , 2.in 5.1.2): Bug fixes and improvements

Upgrade Policy:

Major Version Upgrades are released when fundamental changes or technological advancements are made to the software. The interval between major version releases is at least 3 years. Clients must upgrade to the latest major version to continue receiving standard ASM&PS or SLA benefits.
